## MAPPING YOUR DESIRED FUTURE

Exponential growth can be achieved when you know your destination before you begin. Know where you are, where you want to go and why.

When you know where you are, where you want to go, and why you want it - the only part left is the the capabilities to get there.

**1 . Current status (the truth)**

**2. One year goals (looking back)**

**3. Why these goals are important**

**4. Capabilities needed to achieve Goals**
